James has been assisting the insolvency team of FFP since he joined, playing a vital part in investigative case work, helping with administrative tasks and aiding in the preparation of financial statements for investors. He plays an active role in the daily oversight of multiple entity portfolios, for a wide variety of clients

James joined FFP in August 2023 through the firms' graduate trainee program and has quickly demonstrated his adaptability, strong work ethic, and articulate communication skills.

James holds an MA in Economics and Finance from the University of Aberdeen. His diverse skill set and dedication to client success make him an integral part of the team.
